SUN BEAMS

By WALTER M. BARRETT

Often a community is judged by its local newspaper. A good bank, a good newspaper and an enterprising citizenship, it has been said, can build a better town or city almost anywhere. One or two alone, however, are greatly handicapped without the aid of the third. To build a community and keep it growing it is necessary to have all three. Here in Truckee we have a good bank, we have a good citizenry and with your cooperation we will have a good newspaper. Let's all work together and show our neighbors what teamwork can do.

While Truckee is striving hard to get a handful of men certified for WPA work so that the ice palace can be made ready for use this coming winter, other sections of the county seem to find little difficulty in procuring men and materials for relief jobs. At Nevada City, for instance, the court house is surrounded by laborers and skilled workmen all apparently busy in remodeling the county's capitol. After a visit to the court house we cannot doubt that the work is sorely needed there but from a standpoint of necessity, Truckee needs the ice palace just as badly. We have men, able to work, who are willing to start on the local project just as soon as the powers that be give permission, but for some vague reason the reams of red tape somewhere along the endless line of "case workers" has tangled and our project here is at a standstill while others progress nicely. They even want to take away the few bags of cement which we still have.

It was our pleasure while in Nevada City last week to meet the court house family and a very genial group we found. Despite the fact that they were bothered continuously by the pounding, rattling and sundry other noises as work progresses on their new quarters, they are still able to maintain the smiling courtesy which so becomes a good politician and we felt more than welcome in each of the offices which we visited briefly. We are planning to make the call frequently, as we not only like the association, but have a desire to keep our dignitaries reminded of the fact that Truckee and the east end of the county are still on the map.

Whether you are a democrat, republican or neither, it is your privilege and duty to vote. It is up to each individual citizen to go to the polls on election day and exercise his right as an American and vote for the man or cause which he prefers. To do this you must be registered before September 24. Don't wait until it is too late to qualify; register now and be ready on November 3. Voting is the one great privilege which we enjoy and it is one which every citizen should feel pride in performing.

Too few members of the Truckee Chamber of Commerce attend the weekly luncheons. The organization is purely for the promotion of better conditions in Truckee and should have greater support; not only in membership, but in attendance at the meetings.

SANITARY BOARD IS REELECTED HERE AS ONLY 12 VOTES CAST

Keen interest in the Truckee Sanitary board election was in evidence here Monday when 12 voters went to the polls to cast their ballots.

There was no opposition to the incumbent directors, G. E. Hofmann, George Pace and Harry I. Snider, and all were unanimously reelected, as was Assessor P. R. Nelson.

The directors serve for two-year terms.

WORK PROGRESSING ON LOCAL SCHOOL

Work is progressing rapidly at the present time on the new grammar school building, which it is hoped, will be ready to house the children by the 12th of October or very shortly thereafter, according to Principal P. R. Nelson. When finished the structure will be one of the most modern and sturdy in the state and it is planned later to have a program and "house warming" so that the general public may view it.

UTILITY DISTRICT SEEKING CUT IN ELECTRIC RATES

Directors Meet here this Week to Discuss New Rates

AUTHORIZES ACTION

Claim Sierra Pacific Costs too High as Compared with P. G. & E.

Lower Rates was the topic of discussion at the regular meeting of the directors of the Truckee Utility district Tuesday night.

"Efforts have been made for the past two years to induce the Sierra Pacific Power company to adjust the rates under which the district buys its power," said Manager C. Edmunds. "Schedule K-1 is the wholesale rate schedule for this part of California in which the Sierra Pacific company operates.

"Any person or firm having a connected load of 20 horsepower or more is eligible to the same rates as the district under this schedule and some of the company's Lake Tahoe customers come under the same rates so any changes made in the rates would likewise affect the company's consumers around the lake and it is expected that some of them might wish to join the district in a hearing before the railroad commission.

"The rates offered by the Pacific Gas and Electric company to its wholesale consumers are considerably less than those offered by the Sierra Pacific Power company although the cost of generation and power line distribution is similar and it is the district's contention that it should be enjoying at least similar rates," Edmunds said.

"All requests made by the district to the Sierra Pacific Power company for reductions have met with the same answer, namely—'that the matter is still under consideration.'

By consistently reducing its local rates during the past five years, the district has encouraged an increased use of electricity, until today, the kilowatt consumption is approximately 50 per cent over what it was five years ago," continued Edmunds, 'but the district is not the one to have profited, as the bills of the district to the Sierra Pacific Power company have likewise increased monthly. Thus every effort made by the district to build up the consumption of electricity is but a boost in the gross income of the Sierra Pacific Power company."

The directors went on record to authorize T. L. Chamberlin, attorney for the district, to institute proceedings for a rate reduction hearing before the railroad commission.

DONNER CAMP CLOSES FOR WINTER SEASON

Donner Camp on Donner lake operated by W. E. Gelatt, was dark this week as the resort closed for the winter months. Mr. and Mrs. Gelatt will remain for a couple of months before returning to the bay district where they will spend the winter.

McKEEN CALLED TO AID IN LABOR ROW

State Traffic Officer Charles McKeen Wednesday left for the Salinas area to augment officers now centered there to aid in keeping order at the lettuce workers' strike. The situation is reported to be serious.

Sale of Local Property Recorded here this Week

The sale of the old William Summers property on West River street, recently owned by Mr. and Mrs. George Pace, was announced this week. The new owners are Dan B. Pazin and Louis B. Pazin, brothers, employed at Tony's Cafe and Coffee Shop here.

First Buck of Season Landed by D. McGwinn

What is believed to have been the first deer brought into Truckee the opening day of the season was appropriately the trophy of Doyle McGwinn, butcher at the Truckee Meat Market.

The animal, a 99-pound forked horn, was shot neatly through the neck at the first shot fired by the hunter, who with Bud Marsh and Augie Newman selected the Juniper creek district for the hunting grounds.

McGwinn spotted his deer south of the Fly Casting club at 6:30 Wednesday morning and had the animal ready to dress at 9:15.

Several other deer were seen en route west a short time later.

CAR CRASH FATAL TO TAHOE BARBER

Two Others Injured when Car Hits Grade Stake at Meeks Bay

Richard Crowe, 35, employed as a barber at the Tahoe Inn, died Tuesday night in the Placer County hospital from injuries suffered Monday when the car in which he was riding was completely demolished in an accident near Meeks bay.

Two companions at the time of the mishap, Mrs. Frances Kurrell, 22, of Los Angeles, who had been employed at Benny's Inn, and Ray Brace, 28, mechanic at Henry's Tahoe City garage, driver of the car, are recovering from injuries received at the time.

Crowe suffered severe head injuries, 72 stitches being necessary to close scalp wounds. A fractured skull was blamed for his death.

The crash occurred when the car struck a grade stake, turned a somersault on the highway and then careened down the steep grade, overturning three times.

Mrs. E. C. Voorhies of San Francisco witnessed the accident.

Program Arranged for Next Meeting of P.-T. A. To be Held Friday Eve

Community singing lead by members of the Wyethia club choral and accompanied by Mrs. Lotta Bryant, will be a pleasant feature of the first meeting of the local Parent-Teachers association to be held Friday evening at 7:30 at the Meadow Lake Union high school.

Teachers of the local schools will be given a reception at this time to welcome them.

The program will follow a brief business meeting and principals P. R. Nelson and G. E. Hofmann will talk for a short time on "What the P.-T. A. means to Our Schools."

Robert Gordon, accompanied by Mrs. J. R. Wolert, will play a 'cello solo.

Refreshments will be served by an appointed committee at the close of the affair with Mrs. H. I. Snider acting as chairman.

Many interested parents and friends of the worthy organization are expected to be present.

THREE INJURED WHEN CAR OVERTURNS HERE

Three Roseville youths, Thomas Reckman, 21, Harry Van, 20, and Allan Butler, 20, were injured Wednesday when a light coupe in which they were riding overturned near the checking station. After being given first aid treatment they proceeded on their journey. Their car was badly wrecked.

ERNEST HOEDLER FIRST TAHOEAN TO BAG DEER

Ernest Hoedler of Tahoe City was the first hunter in his district to bag a deer Wednesday. He landed the forked-horn in the mountain back of Tahoe City.

HOBART LOGGER KILLS SELF IN SEAT OF AUTO

Friends Declare Despondency Since Quitting Job Responsible

TWO BULLETS FIRED

Probe is Conducted into the Suicide of Hobart Camp Worker

Believed to be the victim of a self-inflicted gun shot wound, the body of Emilo Poalazzi, 40, employed for the past 14 years as a loader by the Hobart Mills Lumber company, was found slumped in the seat of his car near the old Truckee airport Wednesday morning. A .45 calibre automatic, with two bullets fired, lay in the seat beside the dead man, bearing mute evidence of the tragedy.

Friends declared that Paolazzi had been drinking to excess since he quit his job with the lumber company Saturday. He had been despondent. Wednesday morning he left Hobart and friends believed he had gone deer hunting, until the body was found.

The discovery was made by William Kocher, employed at the state checking station, who was hunting in the district.

Deputy Coroner Ben Tonini was notified and is making an investigation. Coroner Bob Jefford and Sheriff Carl Tobiassen were summoned to aid in the probe of the affair.

So far as can be determined, Paolazzi left no immediate family. Since 1923 he had been employed by the Hobart Mills and was known as "Pile-'em-High Shorty." He derived this nickname from his outstanding ability as a loader, friends said.

Arrangements for the funeral are pending.

It is believed that Paolazzi purchased the heavy calibre weapon Monday.

LIONS CHARTER NIGHT TO BE HELD OCT. 3

Committees are Selected to Have Charge of Big Affair

Committees were chosen Wednesday night by President R. C. Gregory of the Truckee Lions club to have charge of the Charter Night program, the date for which has been set for Saturday, October 3. Charter Night is the outstanding event of the social year for the club and elaborate preparations to make the affair more successful than in the past are being made.

William Englehart, Frank Gaiennie and Arthur Leitch comprise the general committee, with ....Norman Mayfield, Joe Henry and Carl Smith in charge of the decorations and Charles White, Walter Barrett and Robert Tonini on the card committee.

The meeting Wednesday was well attended, but closed early to allow for the winter sports meeting of the chamber of commerce.

REGISTRATIONS CLOSE ON SEPTEMBER 24 FOR NOVEMBER ELECTIONS

Only one week remains in which residents of this area can qualify to vote at the general election on November 3. Registrations will close September 24 and anyone who has not registered since January 1, this year, or who has moved or changed his party affiliations since that time, is required to reregister if he wishes to take part in the presidential election on November 3.

Twenty-six states have legalized horse race betting in the past three years.

Pooch Loses by Nose in Battle With Porcupine

An encounter of one curious city dog and one belligerant country porcupine usually ends in the canine's getting the worst of the bargain and this rule proved invariable when a dog owned by Ralph Bertilossi of Sacramento which he had imported to track deer, literally tangled with a porcupine in this vicinity Monday.

The results were much in evidence on the pooch's nose and V. V. Gilman, local druggist, was prevailed upon to give the dog a small amount of chloroform and perform a painful but minor operation to remove the darts.

At the conclusion, the animal silently swore to stick to the trail of the deer and take a chance with horns instead of quills.

FIRE SWEEPS 400 ACRES IN VALLEY

300 Men Battle Serious Blaze in Euer Valley; Blame Deer Hunters

Fire, believed to have started from a carelessly dropped cigarette or burning match, Wednesday swept over between 300 and 400 acres of timberland in Euer valley and came within two miles of Hobart Mills before 200 fighters got the flames under partial control.

Although still burning fiercely Thursday, Ranger H. I. Snider, in charge of the fire fighters, said that the fire could be handled.

A deer hunter was blamed for the conflagration which started half a mile north of Prosser creek and about four miles west of Hobart Mills. Youths from the CCC camps in this vicinity assisted timber crews from Hobart Mills, local forest service men and hastily recruited fire fighters.

It was estimated by Ranger Stone that 300 men would be on the fire front by noon today, as 100 are en route to the blaze.

Accused Slayer Says He Worked With Film Company at Lake Tahoe

Robert Miller Barr, 25, sought by officers for more than a year for his complicity in the slaying of Chief of Police F. R. Daw at Dunsmuir, Siskiyou county, defiantly flaunted his liberty by appearing as an extra in several scenes of "Rose Marie" which was filmed at Lake Tahoe last spring, according to his story given to police following his capture at San Pedro a week ago.

His partner in crime, Clyde L. Johnson, was lynched by an angry mob near Yreka on August 3, 1935 and the fugitive has boldly evaded arrest until recently and indicated that he may plead guilty rather than stand trial. He will be kept in Folsom prison until the date of his arraignment in the superior court in Yreka.

10-POINT BUCK SHOT NEAR FLORISTON BY FOREST HILLS MAN

The biggest deer to be killed in this district this season and for many seasons was shot Thursday morning by Ben Thomas, former Boca resident, now living at Forest Hill, who brought in a 10-pointer, balancing the scales at 190 pounds.

The animal was killed near Floriston, where Thomas and his son, Allan Thomas, were hunting. The latter bagged a four-pointer to make the hunt the most successful yet recorded.

I wish to express my sincere thanks for the splendid turnout in response to our call for the winter sports meeting. The fine cooperation manifest was fully appreciated.

C. E. WHITE, President,
Truckee Chamber of Commerce.

BUSINESSMEN IN MEETING PLEDGE SNOW FROLIC AID

Committee is Instructed to Contact all Firms for Finance

DECLINE PRIVATE LEASE

All Express Willingness to Cooperate in Snow Activities

The first definite step toward promotion of the 1936-37 winter sports program in Truckee was taken Wednesday night when a large group of local businessmen and other interested citizens assembled in an enthusiastic meeting at the California Cafe to discuss at a round-table conference the various proposals.

After it had first been decided that Truckee as a town would conduct the annual festivities rather than lease the grounds, equipment and concession rights to an individual or firm, those present pledged themselves as willing and anxious to cooperate financially.

Charles White, president of the Truckee Chamber of Commerce, which sponsors the meeting, authorized the committee, headed by Frank Gaiennie, manager of the Sierra Pacific Power company in this district and active civic leader, to proceed with contacting the firms in Truckee in an effort to procure the necessary $2000 to finance the sport during the coming season. Several of the more prominent businessmen were unable to attend the gathering Wednesday night and it will be necessary to interview them before the program can be completely arranged.

Although he still declines to again head the winter sports committee for another season, a large number of those present last night insisted that C. Edmunds reconsider his resignation and again get behind the program. Edmunds said that he would discuss the possibilities of this request after the program is further advanced, but at the present time he refused to commit himself.

Several speakers pointed out the necessity of having winter sports if Truckee is to maintain its standing as a mecca for this sort of entertainment. All agreed that if the program is suspended for one year it will be hopelessly lost and agreed to stand unanimously in favor of continuing.

Several, who had been listed on the budget for amounts believed in keeping with the benefits to be derived, agreed to double their appropriation while still others who had not been listed volunteered to contribute any sum which the committee found necessary. No one declined to aid financially.

Another meeting will be held in the near future to learn the outcome of the committee's work.

BRAKEMAN INJURED IN FALL OFF CAR

Grover Young, employed as brakeman for the Southern Pacific company, is recovering from serious injuries suffered last Thursday night when he fell from the top of a box car which was standing in the Truckee yards.

He was found by a hobo, who reported the matter to the engineer and Young was rushed to medical aid. He suffered head and body injuries.

CARNELIAN BAY STORE, POST OFFICE LOOTED

CARNELIAN BAY, Sept. 17—On Wednesday night last the general store and post office of L. C. Shank, Jr. was entered around 9:30 p. m. and robbed. Approximately $25 in money and stamps were taken. Entrance was gained through the post office window. No suspects had been apprehended according to last reports.

WATCH YOUR STEP

DEER HUNTING season opened in this district Tuesday and scores took advantage of the fact to flock to the hills in this vicinity in an attempt to bag their annual buck. From all reports, this should be easy, as deer are reported in abundance. However, there are herds of cattle and sheep scattered throughout the mountains and tyros are warned to look a second time before they shoot, or they may kill some rancher's livestock.

The brush will be filled with nimrods, all anxious to land their deer and the impulse will be to shoot and think later. While many hunters are adorned in vivid red caps or colored jackets, some are braver and wear neutral colors, fitting too closely to the background. While there is no law regarding the color of clothing to be worn by the hunter, for the sake of self protection, the scarlet cap is important. Many of the hunters will be on their first trip and may get excited and shoot at the first moving object they see and while the aim of such a shooter is far from the mark, a stray bullet or a chance shot may cause unforgettable damage.

Be cautious this season and avoid accidents.

THE LAST DEADLINE

WHAT'S THIS, another registration deadline? That is so—only this one's different. It's the real, genuine, official and final deadline of them all. If you haven't signed up for your right to cast a ballot by Tuesday, September 24, you'll be out of the swim entirely.

You'll have lost your chance to vote, on September 3, for a president of the United States, an assorted collection of U. S. congressmen and state legislators and two dozen ballot propositions touching upon almost every conceivable subject.

The man without a vote will be the forgotten man in this fair land for the next month and a half. And no one with a spark of public spirit in him could sit on the sidelines during the political battle of the century.

So, if you've not done so yet this year, by all means do register now, before it's too late. You've only a few days left.

THE FAIR MAKES HISTORY

THE STATE FAIR is over now, for another year, but California will not soon forget what a triumph it was.

Those surging crowds that packed the Sacramento grounds smashed all attendance records. It was the greatest, gayest statewide show in California's history.

They're still talking about the fireworks, the aerial circus, the horse racing, the amateur contest and the Midway where the lights twinkled and the merry-go-round played the tinkling tune.

But it was more than a gay show. It was significant as well. Bigger and better exhibits of choice agricultural products and fine livestock spoke of new health and wealth of the farms of our vast rich valleys.

In other ways, too—in fact, in every way, California's fair this year gave visible evidence of a great state enjoying the fullest measure of prosperity it has known since the dark days descended.

ON FREEDOM OF THE PRESS

OF COURSE the freedom of the press in the nation at large will not be directly affected by the ideas of a state judge in Connecticut. But a declaration made at a banquet the other day by a high court justice there, had an ominous tone about it that most of us would prefer never to hear anywhere in America.

He said he was ready to "stand beside" any Connecticut judge who imposed restrictions on the press.

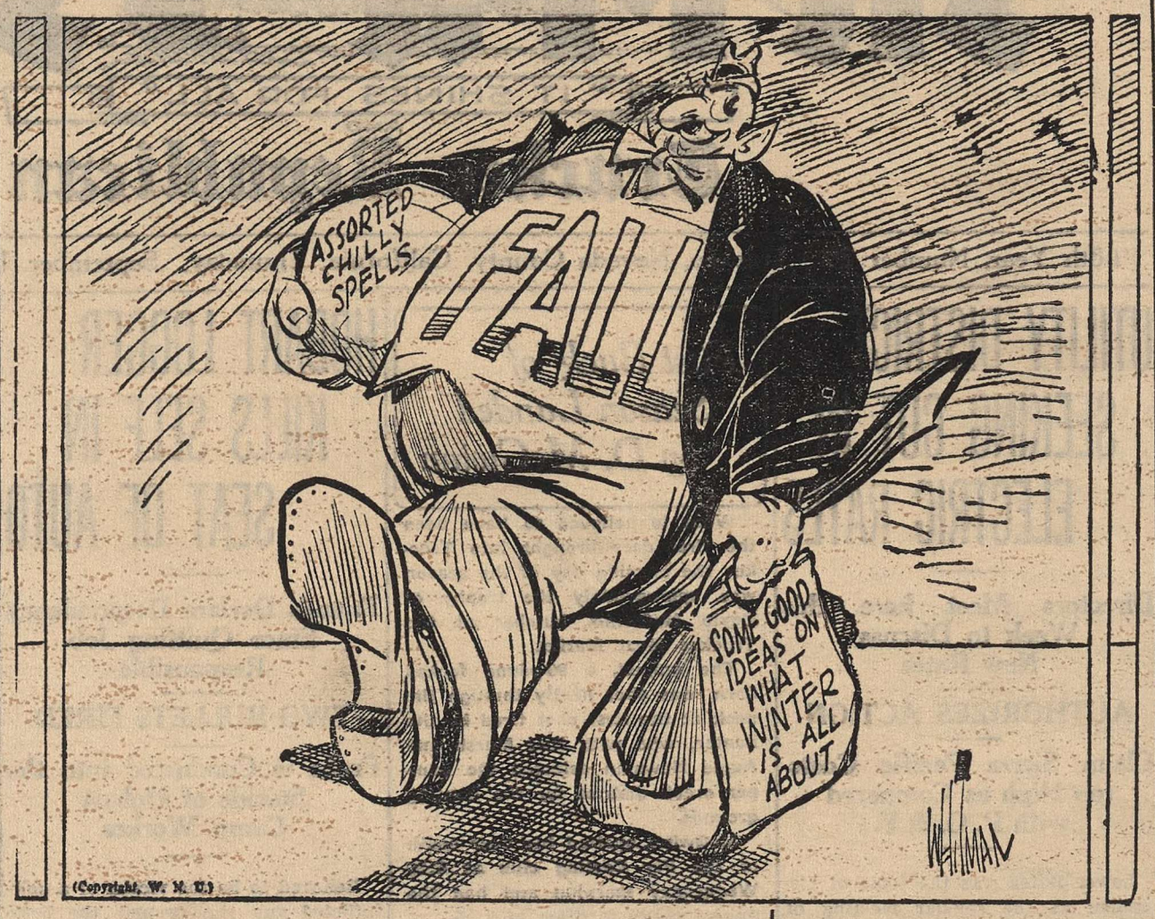
Then he named a few he thought "desirable": that "only newspapers which can be made amendable to discipline" should be permitted in the court room; that newspapers having general circulation in the state should, "perhaps under clost restrictions," be admitted; and that various other conditions be enforced.

The ominous part about such statements is that they are unnecessary. Newspapers, like everyone else who enters a courtroom, are subject to contempt proceedings. Is that not enough, without agressive declarations about special restrictions?

Few persons will deny the need for vigilance against anything savoring of controlled press advocacy. For without freedom of the press, as well as its twin safeguard, freedom of speech, democracy could not long survive. Nor could the constitution, whose birth, incidentally, we are observing this very week.

Any American, if he could live for awhile in one of the dictatorships of Europe, would probably agree heartily with the view voiced by Thomas Jefferson when he said he'd rather live in a country where there was no government at all, than in one where the press was not free.

That Man Again



Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Sept. 17—(UP)—Visitors at the California State Fair were convinced that if it were not for the continued problem of unemployment relief, induced in large measure by the influx of persons from other states, there would be little evidence of hard times in California.

Even the boom years before the depression failed to show the marked industrial and agricultural activity indicated by the response of visitors to exhibits at the fair this year, officials said. Exhibitors reported the largest volume of sales in years. For two days in a row, the 1929 record of single day attendance was broken and it appeared that the 1936 exposition would draw more people than any previous fair.

The throngs drove home forcibly the need of more room at the race track, horse show, parking grounds and certain exhibition buildings. Legislators have refused to approve major appropriations for the fair, despite the fact the exhibition has been self-supporting the past two years. But fair directors may have more luck in their demands for improvements this winter.

For example, the old horse show arena was designed to hold less than 4,500 persons. During the first three nights of the fair this year thousands were turned away. The horse show is one of the most popular features of the fair, and the pavilion should be at least doubled in size, officials believed.

Anyone who might object to the fair spending considerable money on fireworks could see the value of the nightly display by visiting—if he could get in—the track. On Labor day, the capacity crowd which gathered for the racing program had difficulty leaving the grandstand because of the mob waiting, hours in advance, to get seats for the fireworks that night.

Approximately 60,000 persons watched the races that day. It was necessary to turn the overflow into the infield. Hundreds who were balked at the gates turned back and spent the afternoon in exhibit buildings.

A few days after the fair Sacramento will be the scene of political gatherings when the various parties hold their annual conventions September 17.

Of outstanding interest will be the selection of committees which, in turn, will name chairman of the state central committees.

Clifford Anglin, Richmond, has the inside track in the race for the democratic chairmanship, while Justus Craemer, assistant state director of public works, is favored in many quarters for the republican post.

Since the central committees will have the responsibility of conducting ing campaigns in California for their party candidates in the presidential and other contests, their selection will be regarded as extremely important to party ranks.

Those named on the committees will meet here September 26 to formulate their plans for intensive campaigns during the five weeks that will remain before the November election.

Two years ago, the conventions were enlivened by the EPIC drive for power in the democratic party and the naming of Culber Olson, later elected state senator, as chairman of the central committee. The EPIC movement was expected to be much less in evidence this year.

Legislative observers already are visualizing some hot committee meetings and floor discussions next winter or spring as a result of Ray Ingels, director of motor vehicles, announcing he would seek to have speed traps legalized.

There is, at present, a state law prohibiting speed traps. Highway patrolman must clock violators by following them, rather than hiding behind a bush and clocking them with a stop watch, then darting out and issuing a ticket.

Ingels would like to establish traps, using electrical timing devices to clock the speed of motorists. He said large signs would be erected to warn drivers they were being timed on certain stretches, and he did not think there should be much objection to that.

It was considered almost certain that automobile clubs and a majority of motorists would fight any attempt to legalize speed traps.

Suspect

Leonard Lanford, 28, hitch-hiking pugilist, who was held at Los Angeles, Cal., as a suspect in the moonlight murder of Ruth Muir, slain near La Jolla, Cal.

Christian Science

"Matter' will be the subject of the Lesson-Sermon Sunday, September 20, in all Churches of Christ, Scientist, branches of The Mother Church, the First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit" (John 3: 6). Other Bible citations will include: "But God hath chosen the foolish things of the world to confound the wise; and God hath chosen the weak things of the world to confound the things which are mighty; . . . That no flesh shall glory in his presence" (I Cor 1: 27, 29).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to Scriptures" by Mary Baker Eddy: "God's thoughts are perfect and eternal, are substance and Life. Material and temporal thoughts are human, involving error, and since God, Spirit, is the only cause, they lack a divine cause" (p. 286).

TAHOE REGION NEWS

By Swanee

GENE WALKER LEAVES TO TAKE UP DUTIES IN ROSEVILLE AREA

TAHOE CITY, Sept. 17—Gene Walker, Tahoe's efficient and well liked traffic highway patrolman, has been transferred for the winter months to Roseville. His departure is deeply regretted as it was hoped he would be stationed here all winter. Chief E. Raymond Cato gave considerable thought to the idea before deciding against it. Patrolman Walker, whose conscientious adherance to duty has been the subject of favorable comment all summer, expressed the belief that the winter of 1937 will see a traffic patrolman stationed at Tahoe permanently, due to the greatly increasing winter traffic each year.

Last week Walker was pleased to receive in the mail the copy of a letter written by officials of the Oakland Bank of America to Chief Cato, highly commending the local officer's action in reaching, within only a few seconds, the scene of the wreck in which Carol H. Swears, 59, of Homewood, was seriously injured, praising his promptness in securing medical attention for her, driving all the way to a Reno hospital and then returning to inform friends and eighbors of her plight. Duty, well performed, is worthy of commendation.

Enjoy Vacation

TIMBERLAND, Sept. 17—Mr. and Mrs. Abe Leach of Diablo enjoyed a ten-day vacation stay at their attractive summer cottage in Timberland tract. Dr. and Mrs. Charles L. Morey, also of Diablo, accompanied them.

RESORTS CLOSING IN LAKE TAHOE DISTRICT AFTER HUGE SEASON

TAHOE TAVERN, Sept. 17—Tahoe Tavern closed its doors for the summer on Monday morning after breakfast, following a highly successful season. Following his usual annual vacation rest, Walter Rounsevel, Tavern manager, will depart for Castle Hot Springs hotel in Arizona to prepare that resort for its winter opening.

A large crowd attended the last show of the season on Sunday night at the Tavern Casino where Mae West amused and entertained in "Klondike Annie." The closing of the local theatre is always a mournful occasion for the "natives" who remain at Tahoe all winter.

Tim Butler, manager of the casino show house, also reports a very profitable season, many of the year's finest pictures, brought to the local screen by him, playing to capacity houses.

Brockway hotel and Pomin's resort have also closed for the season, both establishments enjoying successful summer. Chamber's Lodge closed on Monday, and enjoyed one of the finest summer's patronage in its history, only one peculiarity marking the close of the season. This was voiced by Mrs. Chambers, and was echoed by other resort owners. Never in the history of the lake has the holiday crowd so quickly and completely melted away. It was almost as though a scourage had struck Tahoe, so quickly did the visitors depart in droves for the cities. Usually the number of vacationists dwindles away gradually but this year marked an almost simultaneous departure.

Vagabondia Lodge Will Remain Open this Month

VAGABONDIA LODGE, Lake Forest, Sept. 17—This quaint resort in the heart of the pines, perched on the cliffs above the lake in a restful atmosphere, is remaining open for the month of September, one of the most beautiful seasons at Tahoe. Miss Florence Bosse, owner-manager, reports an especially busy summer. An attractive, modernly equipped duplex cottage has been erected this year on the spacious grounds, and several are being planned for next year.

Enjoy Week End

TAHOE, Sept. 17—Professor Henry Hinkle of Stanford university is enjoying the week end with his family in the Bettencourt tract. Miss Sue Hinkle, eldest daughter of the Hinkles, is home for a vacation of several months. She has been attending classes at Mills college in Oakland but will not return there again until January.

Engagement Revealed

TAHOE PINES, Sept. 17—An engagement of considerable interest locally is that announced this week of Miss Kay Coogan, charming daughter of Mr. and Mrs. Al Coogan of Piedmont to Arthur P. Crist, Jr., son of Major and Mrs. A. P. Crist of Tahoe Pines and Oakland. The wedding of this popular young couple will take place on October 16 at St. Paul's church in Piedmont.

Hosts at Party

On Sunday Major and Mrs. Crist were hosts at a gay cocktail hour, given in their Tahoe Pines home in honor of their house guests, Mr. and Mrs. Al Coogan and daughter Kay who spent the week end at Tahoe. More than 50 persons attended, extending congratulations.

Friends of Max Beck are glad to hear that he has sufficiently recovered from a recent operation to be able to leave the hospital in Nevada City and is spending a few weeks at the home of Mr. and Mrs. E. A. Ingold at their home near Grass Valley.

HOBART MILLS

Miss Bessie Firlotte of Sacramento has been visiting for the past week with her friend, Mrs. Richard Burton. She left for home Thursday.

Mr. and Mrs. Henry Holland and Miss Bessie Firlotte accompanied Mr. and Mrs. Richard Burton on a scenic trip over Mt. Rose to Carson City and attended the Pioneer celebration at Virginia City Labor day. They returned via the new Geiger grade to Reno.

Mrs. Frank Wilson accompanied Mrs. George Seymour of Brockway, Lake Tahoe, to Sacramento last week where the ladies visited and attended the fair.

Mr. and Mrs. Jack Luhrs, who have been living at Camp 21 during the summer, have arrived in town and are staying at the home of Mrs. Luhr's parents, Mr. and Mrs. J. B. Clark for the present.

Mr. and Mrs. Frank Alexander of Santa Barbara, accompanied by Mrs. Etta Cheddic and Mrs. P. H. Gordon of Oakland, visited friends in town a few hours on Sunday afternoon. The visitors had spent the day at Carson City and stopped here en route to their homes.

W. J. Thomas accompanied Dan Smith of Truckee on a three or four-day hunting trip in the vicinity of Susanville, leaving town Tuesday morning.

Mr. and Mrs. H. Webster of San Jose are visiting at the home of Mr. and Mrs. Roy Gates. Mrs. Webster is a sister of Mr. Gates.

Mr. and Mrs. John Hooper of Sacramento are visiting at the home of Mr. and Mrs. Harold Percy.

Mrs. Roy Gates, accompanied by her sister and brother-in-law, Mr. and Mrs. H. Webster, visited at Virginia City Monday.

Bert Newman, chef at the Camp 21 cookhouse, arrived in town Monday and will visit in Reno for a few days before resuming work.

Herbert McClaskey arrived here from Camp 21 Monday afternoon and will transfer the stock used in the commissary during the summer months at Camp 21.

Mrs. G. E. McLeod is expected to arrive home from a visit with relatives at West Plains, Missouri, on Friday. Mrs. McLeod has spent several weeks in her old home.

Mr. and Mrs. Cyril McDonald of Susanville, accompanied by Mr. McDonald's mother of Sacramento, were Sunday visitors at the home of Mr. and Mrs. Mervin McDonald in town Sunday.

Mr. and Mrs. Robert Rupert and son of Susanville visited friends in town over the week end. Mrs. Rupert was formerly Miss Doris McDonald and made her home in Hobart Mills for many years.

Mrs. William Caples has returned to her home after spending the past two weeks in Sacramento and San Francisco where she went for the benefit of her health.

Mr. and Mrs. Tom Craig and daughter went to Auburn on Saturday where they visited relatives and Mrs. Craig remained for a longer visit.

Mr. and Mrs. Martin Nelson, accompanied by Mr. and Mrs. Oscar Olson, spent Sunday in Reno.

Mr. and Mrs. Frank Wilson visited relatives in Nevada City on Sunday.

Mr. and Mrs. T. D. Thibault visited friends in Nevada City Sunday.

Mrs. Ray McDonald and sons came from Sacramento to spend the week end with Mr. McDonald.

Mr. and Mrs. Charles Oliver and daughter of Reno spent the week end at Hobart visiting with Mr. and Mrs. G. D. Oliver.

Oscar Swanson went to San Jose on Sunday where he visited his wife over the week end.

Logging operations are active on the outskirts of Hobart Mills this week, as many fine trees surrounding the town have been cut to be

(Continued on Page 4)

Debenedetti Reported Improved in Hospital

SUNNYSIDE, Sept. 17—Mrs. J. L. Debenedetti, Sr. returned to Tahoe Friday night accompanied by James Kehoe of San Mateo. She reported the condition of her husband, John Debenedetti, who has been confined to the Stanford hospital, as greatly improved and ready to leave the institution on Monday. Two weeks ago Debenedetti made a trip east by stream line, returning by plane. Somewhere along the way his face became infected, the medical staff of the plane service advising an ambulance meet the patient at the San Francisco air terminal from where he was taken to Stanford hospital. Prompt action prevented serious consequences.

TEMPERATURE DROPS TO 27 IN LAKE AREA

TAHOE CITY, Sept. 17—The first winter weather recorded in this area sent the thermometers down to the 27 degree mark Sunday morning. Monday was slightly warmer with the mercury dropped only to 29 degrees.

Governor Kirman is Guest at Tahoe Home

SUNNYSIDE, Sept. 17—Suday visitors at the Charles Swanson home in Sunnyside included Governor and Mrs. Richard Kirman and daughter Claire who on Tuesday returned to the executive mansion at Carson City following a restful vacation of several months at their summer home on the lake shore near Pomin's resort.

Other callers were Ray Albright, his brother W. W. Albright and son Daroll of San Jose who enjoyed a leisurely vacation jaunt at Tahoe.

There are 13,000,000 negroes in the United States.

OVER 3,000,000 FISH ARE PLANTED DURING THIS YEAR IN TAHOE AREA

TAHOE FISH HATCHERY, Sept. 17—Except for a few fish being held for planting next week, Tahoe's fish planting operations are over.

Figures released for this year's record indicate that in the Lake Tahoe district, through the Tallac hatchery, managed by Lloyd Shelby, the Blackwood hatchery, managed by William Fisk and the Tahoe hatchery where Fred Setlee is in charge, the following quantities of fish were planted in Tahoe streams and lakes of the surrounding area during the summer: 600,000 Loch Leven, 500,000 rainbow, 600,000 steelhead, 720,000 lake trout and 988,000 eastern brook trout.

Fishermen report that angling in the Truckee river has been better than in the past ten years. Although some lovely large trout have been taken from the lake itself, fishing has not been exceptional in any way.

J. C. Lewis, in charge of Tahoe hatcheries, enthusiastically lauds the splendid work being accomplished annually by the Mt. Ralston Fish Planting club of Sacramento. This group, of which E. Emery Brolliar is president, is responsible each year for the planting of more than 1,000,000 trout west of Lake Tahoe.

Edward Buzza, formerly of Plumas county, is in charge of the pack trains which carry the trout back over the rugged, impassable mountain trails to the numerous lakes which dot the region.

A sum of not less than $3,500 is spent annually by these hardy sportsmen for a string of pack horses which they use from June to September of each year.

NEW HOME COMPLETED FOR MRS. JOHN REEDY

TIMBERLAND, Sept 17 — Mrs. John F. Reedy of San Francisco is enjoying the late summer in her new six-room rustic and stone home recently completed by N. R. Mayfield of Tahoe in the Timberland Tract. She has purchased additional footage where a new garage will be erected before winter.

Her sister, Miss Anna G. McDonald of Stockton is her house guest, remaining indefinitely.

HOBART MILLS NEWS

Continued from Page 3

used for lumber.

Mrs. Andy Sorensen of Tahoe Vista entertained a group of friends at her home on Monday. The guests were asked to a bridge luncheon and enjoyed a delightful Italian dinner at noon, spending the remainder of the afternoon playing cards. Awards for high scores went to Mrs. Oscar Olson and Mrs. George Seymour. The following ladies attended: Mrs. E. C. Murray, Mrs. P. W. Lazier, Mrs. A. D. Murray, Mrs. H. G. Seibold, Mrs. Frank Wilson, Mrs. Oscar Olson from Hobart Mills, Mrs. Henry Mathews of Sparks, Mrs. Jess Miller, Mrs. Harold Albertson and Mrs. Small of Calpine and Mrs. George Seymour of Brockway. All spent a most enjoyable day on the shores of Lake Tahoe and all voted Mrs. Sorensen a delightful hostess.

County Supervisor Alex Robertson in company with the other members of the board of supervisors visited the state fair on Friday of last week and participated in the statewide Supervisors' day.

NORDEN NEWS

(By C. W. KRAMER)

With the California State Fair in history as far as being in effect one well known fact is assured in that the recovery should be at hand if the attendance at the fair attests for anything as the press each day calls attention that records were broken each day of the 1936 fair which is a proud showing and gives the state of California much for which it is thankful. It was truly a Thanksgiving for the whole state, as visitors were present from many states in the Union and some foreign countries and California can well be proud of the many friends that were made during that fine showing those ten days.

Nevada county's exhibit in the Agricultural Building did ot show anything from this section of the county and attention should be called to those responsible that no oversight will be made in future exhibits as one part of Nevada county is as valuable as the other as far as minerals and other products are concerned.

Wth Norden summer elementary school back in session after a few days respite from duties owing to holidays, through its teacher, Mrs. Ethel Threlkel of Auburn, it was authoritatively learned that Norden school's enrollment will exceed 20 pupils for the balance of the term which should demand more coperation from Nevada county authorities over what has been received in the past. Attention should be given upon the grounds that the enrollment has consistently grown since its establishment with a percentage based on pupils which exceeds any other section of the county.

Recently the Norden school gave a very interesting program to the Norden district which was warmly received and was ably presented by Superintendent of Schools for Placer county, Mrs. Portia Moss, who gave an interesting talk upon many important subjects.

The program rendered is as follows:

Group of songs by the entire school:
"Over the Heather"
"Now the Day is Over"
"County Gardens"
"Music of the River" in two parts
"Slumber Song" in two parts.

Address of welcome by the school club president, Miss Bobette Moore.

A selection by the Norden school band.

Harmonica numbers by Joe and Herbert Dominguez.

An original Play, "Our First Flag" from facts and fiction with the following cast: Betsy Ross played by Bobette Moore; Beth, daughter of Betsy Ross, by Jean Curran; Capt. Mannely, Herbert Dominguez; Lt. Hand, Ralph Hensley; Mistress Hall, Norma Hensley; Miss Elliott, Lillian McKinnon; Hannah, the Negro cook, Marie Curran; five little pickaninnies — Moses, Ramon Marion; Rasmus, Lindy Hensley; Andy, Hubert Hensley; Nan, Helen Copeland; Rachael, Rosie Nunez.

Address by County Superintendent of Schools Mrs. Portia Moss.

The concluding number, "A Colonial House Dance" by Jewell Rector, Jean Curran, Ralph Hensley, Joe Dominguez, Soladad Dominguez, George McKinnon, Dorothy, Yeo and Clifton Hensley.

Awaiting Outcome of Decision in Court

RAMPART STATION, Sept. 17—Eugene Re, son of Joe Re, local landscape gardner and stone mason, is anxiously awaiting the decision of Judge Landis of Auburn who sat in judgement last week at the trial of Gene Re versus William Lambert in the Auburn court. Young Re is seeking damages for three months and 14 days time lost from his work as the direct result of an accident which occurred more than a year ago on the curve of the highway near Lambert's house.

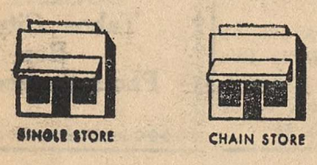
The Northwestern Life Insurance company rejected 32 per cent more applicants last year for excessive use of alcohol than were rejected in 1932.

VOTERS: *Don't be fooled*

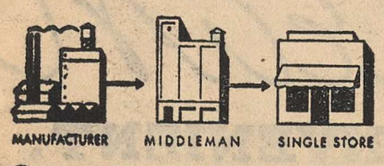
No matter what they call it...

22 IS A TAX ON YOU!

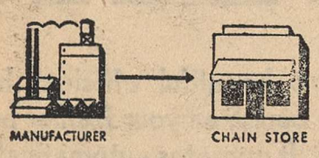
On the November 3rd Ballot there will appear as Proposition 22, an innocent looking measure called the "Retail Store License." But don't be misled. It's a 1936 model hidden tax...a new scheme to stifle competition and raise prices. This simple story of two stores explains the plot.



(1) Here are 2 California retail stores. On the outside they look much alike. Each does a good business. But one is a single store, the other has brothers and sisters and is called a chain store.

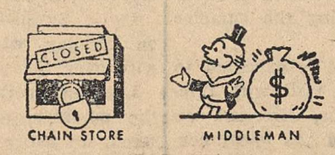


(2) The SINGLE store charges ten per cent higher prices, because it gives credit and delivery service and because it buys through a middleman.

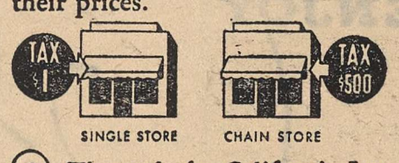


(3) The CHAIN store charges ten per cent lower prices because it eliminates all frills, unnecessary services and in-between expenses and buys directly from producer or manufacturer.

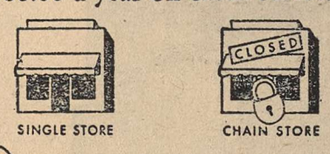
(4) You may remember, at one time the middleman sold goods to all retailers. That was when the high cost of living was our biggest headache. But today the chain store eliminates the middleman and the middleman's profits. So the middleman is opposed to chain stores (wouldn't you be—if you were a middleman?)



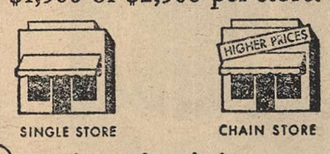
(5) The middleman realizes that people trade at a chain store chiefly because it sells for 10 per cent less. Since he can't compete with the chain store method, the middleman wants to put chain stores out of business or force them to raise their prices.



(6) Through the California Legislature he lobbies a bill called the "Retail Store License." This unfair bill would levy a special tax of $1.00 a year on single stores and $500.00 a year on chain stores.



(7) That, he figures, may put the chain store out of business so its customers will be forced to pay the higher prices at the single store. If not, the tax can be raised later to $1,500 or $2,500 per store.

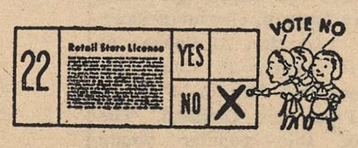


(8) At least the chain store will be forced immediately to raise its prices and thus lose business.

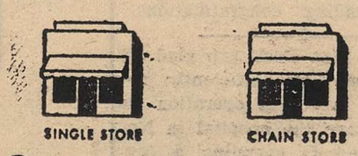
(9) In either case competition will be less. So the single store can raise its prices and still get more business. This means fatter profits for the middleman who sells to the single store.

(10) Of course the public will pay for these profits through an increase in prices on the necessities of life. But it's just a question of whether the middleman or the public takes the rap.

(11) Who would suspect that an innocent thing like a Retail Store License was another scheme to tax the public and fatten the middleman's pocketbook? Voters might think it was some trifle like a dog license or a fishing license!



(12) But wait. Some of the public did suspect. Shortly after this hidden-tax bill passed the Legislature, 136,000 indignant California voters signed a petition that put it on the ballot at the next general election. Now the voters can say a word for themselves. We think that word will be "NO."



(13) So what it all adds up to is this: the innocent sounding Retail Store License is a scheme to subsidize the single store and wholesaler by taxing the public. 22 is a tax on *you*. Vote NO on Proposition 22.

22 IS A TAX ON YOU!

County will Receive $1091 to Aid Schools in Vocational Studies

Nevada county will receive $1,091 to aid in financing its vocational education program for the current school year, it was announced here by the state department of education.

In making public the apportionment, Vierling Kersey, sate superintendent of public instruction, said that a total of $693,720 was being distributed throughout the state for vocational education.

Of the total amount, $363,936 will be used for education in trade and industrial training. The remainder will be divided as follows:

Agriculture, $168,734; homemaking $128,049; general continuation, $33,000.

Ninety-First Division To Hold Reunion this Month in San Francisco

Again San Francisco is the host city to the "West's Own" Ninety-First Division and Friday, Saturday and Sunday, September, 25, 26, 27, are the days set for this great gathering of 'Powder River" veterans and their families from all California and several adjacent states days closest to the anniversary date of the famous division's "jump-off" in the Argonne.

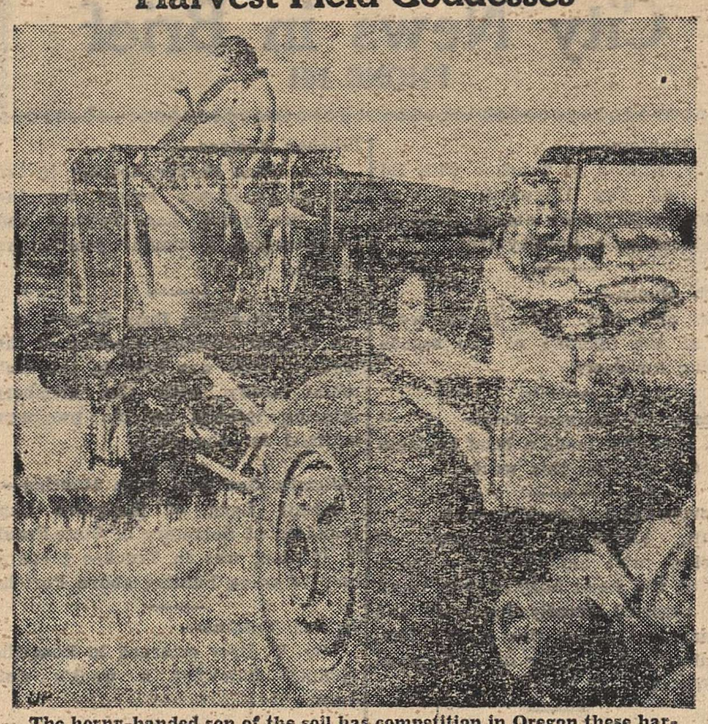
This year in particular should be a premier year in the history of the 91st Division gatherings and the greatest attendance of all time is predicted. Units, established everywhere throughout the state in the past years, have prospered and each have promised a substantial representation at the event. Out of the state 91st groups have also notified headquarters here of planning good turnouts.

Headquarters for the convention-reunion have been established at 128 Veterans' building, San Francisco and here a staff of workers under the leadership of Carl Rienecker, general chairman, will be on hond perfecting the plans of the three-day program. Downtown headquarters at 624 Market street will continue on as usual for the convenience of out-of-town people.

MAIL SCHEDULE AT LAKE TAHOE WILL BE CHANGED

TAHOE CITY, Sept. 17—Op September 21 the outgoing mail will leave Tahoe post office at 4:30 p.m. instead of at 6:00 p. m. as at present. October 11 will mark the last Sunday mail of the season, if the procedure of former years is again observed by Uncle Sam. The mail will be brought in by bus following the discontinuance of train service on Sunday, September 20.

Harvest Field Goddesses



The horny-handed son of the soil has competition in Oregon these harvest days. Virginia Miller drives the tractor of a five-foot harvester operating near McMinnville, Ore., while Jean Wallace sews the sacks. They find beach costumes comfortable.

FISHING IS FORGOTEN AS NIMRODS TURN TO THE GENTLE ART OF HUNTING

(By SWANEE)

TAHOE CITY, Sept. 17—The gentle art of fishing is all but forgotten here this week as impatient local males unwrap and polish gleaming gun barrels, dig out the old red hats and lunch kits and sharpen wicked looking hunting knives. For buck season, with all its feverish uncertainty, opened on Wednesday and they're rarin' to go! Comparatively few deer have been seen to date but the old timers appear undaunted, nod their heads in a faraway glance and tell you "Thar's bucks in them thar hills!" And there are .... if you know where to find them.

Any number of hunting parties were organized days before the season's opening date, many leaving several days ahead with pack horses to be on the spot the very minute the law allows.

We only hope that a certain bunch of young fellows who went out on Tuesday instead of Wednesday, mis informed when they purchased their hunting licenses as to the correct date of opening, will not be put right by local game wardens, who would gladly rectify their little mistake before Judge Bliss at Tahoe City. The law, however, states specifically .... "There is no excuse for ignorance of the law."

A requirement of the new hunting law at the time of purchase of hunting licenses makes it mandatory for the person applying to state how many bucks, rabbits, dove, pheasant, ducks and other game birds were shot by him during last year's season. In this manner an accurate check can be kept on the state's supply of game.

The largest buck taken last season in the Tahoe region was one shot by Dan Armour, Pasadena's ex-police chief, who brought the big fellow down in the region above Timberland Tract. He was a seven-pointer and dressed around 118 pounds.

A flower grower in California raises geraniums exclusively, shipping over a million a year. He has one customer in Kansas City who has a standing order of 50,000 a year and a customer in New Hampshire who takes 110,000 a year. He produces his entire crop on a five-acre tract.

South Dakota has 8,759,700 acres of land to which the state holds title.

Diligent WPA Worker Starts Geyser While Working on Structure

Workmen remodeling the Nevada county court house double-timed for a few minutes Friday afternoon when it is believed that one of the man used a pick too diligently, penetrating the dirt to the main, water shooting to the second story of the building.

After a few thorough wettings and ineffictive attempts to stop the miniature geyser at the scene of action, city employes were called and shut off the water until the damage could be repaired.

Then all was quiet on the court house front.

The highest powered rifle bullet will not penetrate the water effectively beyond a depth of two feet.

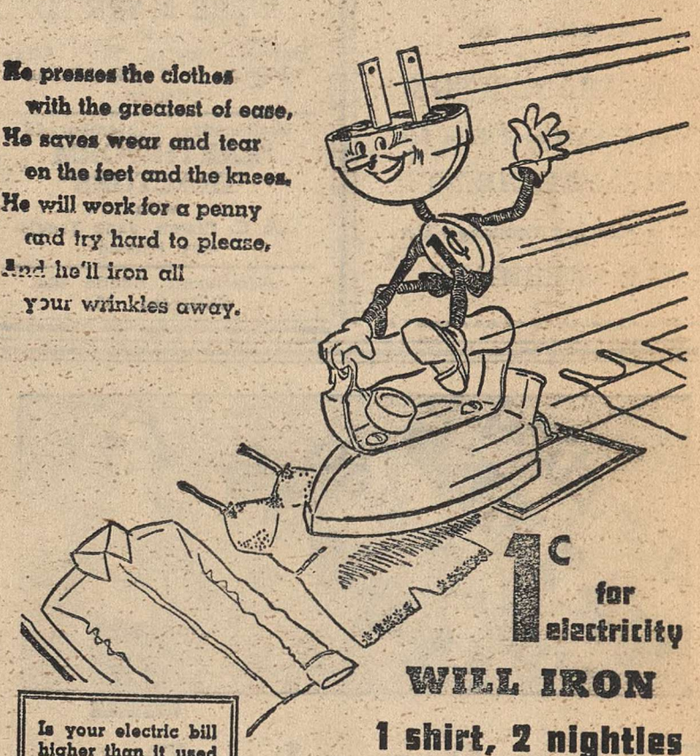
ELECTRICAL SERVICE

Phone Hobart Mills 7F3

R. F. Cardinal C. H. Elliott

He presses the clothes with the greatest of ease,
He saves wear and tear on the feet and the knees.
He will work for a penny and try hard to please,
And he'll iron all your wrinkles away.



1c for electricity

WILL IRON

1 shirt, 2 nightles

3 panties, 4 handkerchiefs

Is your electric bill higher than it used to be?

And do you still think of it as "a light bill"?

That's what it was once. Now lights are only a part of it. Now it includes a few cents for the

RADIO
PERCOLATOR
TOASTER
VACUUM SWEEPER
HAND IRON
WASHING MACHINE

Maybe it includes an electric refrigerator. Then you have no bill for ice.

Or a range — and you have no bill for other fuel.

Electricity is Your Home's Biggest Bargain.

SAD iron days became glad iron days when the sleek and shiny electric iron came into women's hands. Perhaps in your home it was the first electric servant you put to use. Right then your electric bill became more than a light bill.

Now for just a few pennies a day, about the price of a package of cigarettes, or a magazine or a piece of pie, electricity gives your home many services besides lighting. It "perks" coffee, makes ice, beats batter, crisps toast, curls hair, sweeps rugs, runs electric clocks and radios . . . well, you can probably add more to this list.

Really, now, isn't electricity making life a lot easier in your home since the day you first used an electric iron? What else gives you such full value for your money?

WORK PROGRESSING ON NEW HIGHWAY; SUMMIT GETS OIL

Under the direction of the Pacific Coast Construction company of San Francisco, work is progressing on the 2.4 miles of the state highway between Truckee and Donner lake. The strip is being widened and sharp curves eliminated. It will be several weeks yet before the job is completed, but already there is a marked improvement over the old road.

State crews were also busy last week repairing and oiling the highway between Norden and the Donner summit. Traffic was routed by the repairs with a pilot car as the work was being done.

Throughout the district state roads are being repaired in preparation for winter traffic.
